

**MOORPARK CITY COUNCIL
AGENDA REPORT**

TO: Honorable City Council
FROM: Mary K. Lindley, Parks, Recreation & Community Services Director 
DATE: March 26, 2008 (CC Meeting of April 2, 2008)
SUBJECT: Consider the Campus Plaza Public Art Conceptual Design

DISCUSSION

On January 16, 2008, the Council considered the public art piece proposed by the developer of the Campus Plaza project. As a condition of approval for Commercial Planned Development Permit, CPD 2000-04, Campus Plaza, the developer is required to prepare and install a public art project on-site. The Council rejected the proposed conceptual design and appointed an Ad Hoc Committee comprised of Mayor Pro Tem Janice Parvin and Councilmember Mark Van Dam to work with the developer to redesign the art piece. The Ad Hoc Committee met in February and provided comments.

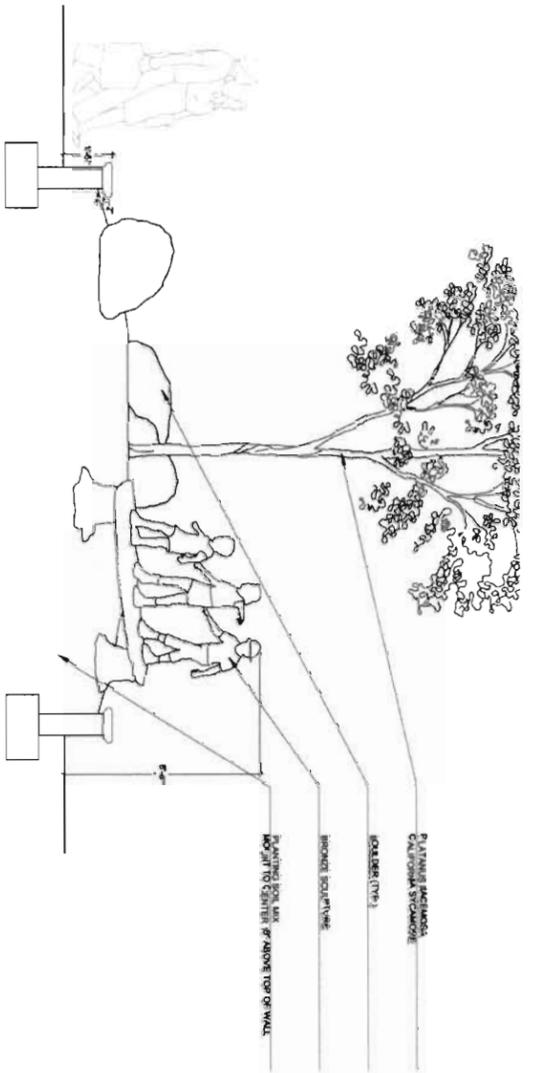

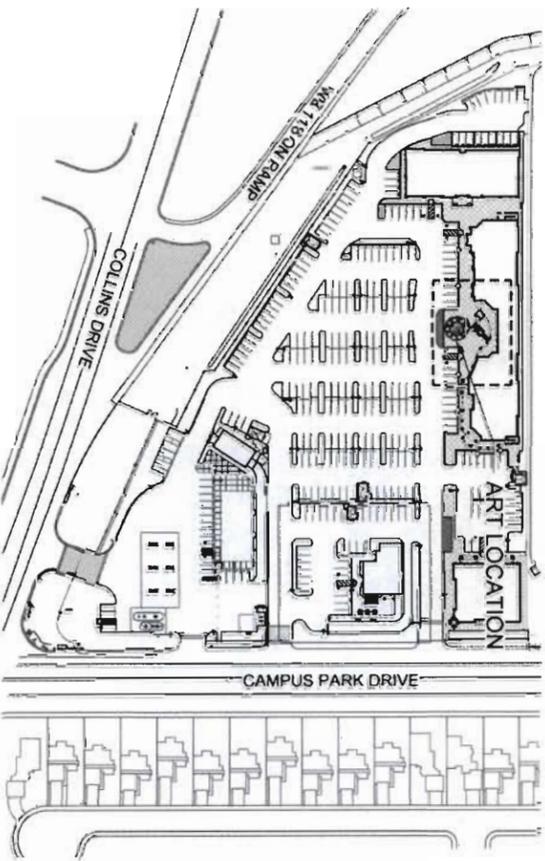

The developer is now requesting approval of the revised conceptual design. The revised design proposal as shown on Exhibit A and B, includes a California Sycamore tree (84" box), bronze sculpture of three children on a log, a dry cobble streambed, several large boulders, native grasses and accent lighting. Exhibit A also includes a site map showing the location of the public art piece in relationship to the project and surrounding area.

FISCAL IMPACT

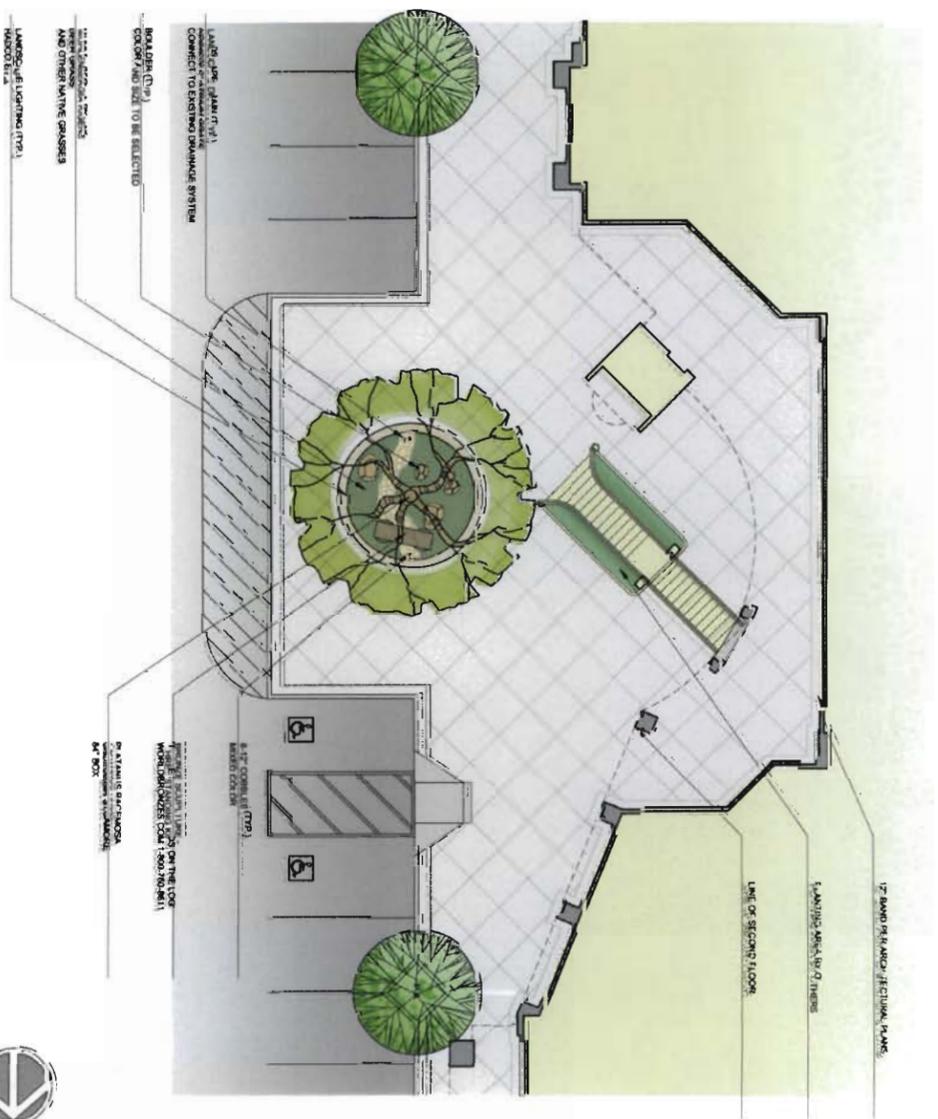

There is no fiscal impact.

STAFF RECOMMENDATION

Approve the conceptual design for the Campus Plaza public art.
