In response to Council questions: 1) Ms. Draeger stated this is a good location for a studio as there are many studio executives, grips, and talent living near Moorpark who would prefer less travel time to this studio allowing them to spend more time with their families; 2) Ms. Draeger stated currently, there are 3,200 people who live in Ventura County who could work at this location; 3) Rick Wolf with Stage Pro Consulting, stated there is an excess of work in this industry with a lot of product to be made including still-shoots, commercials, feature films, and television; 4) Bob Matson, RBF Consulting, responded to traffic concerns by stating the hours of operation for the studio provide for a commute before and after the normal commute hours and he explained how trucks access the site with room allowed for stacking; 5) Mr. Matson described and how traffic signals at North Hills Parkway and Tierra Rejada/Gabbert Road will allow for breaks in traffic benefiting those residents of the Buttercreek development in accessing Los Angeles Avenue; 6) Mr. Wolf clarified the 30-mile commute restriction for union members and stated this studio is only about 2 miles outside this limit, which should not prove to be an obstacle; and 7) Ms. Draeger confirmed they have letters of approval from two unions willing to exceed the 30-mile commute to this studio.

Ms. Draeger summarized their offer to contribute to a fund to build a soundwall and after discussion with the applicant; Mr. Bobardt read the following change to the Section 6.22 of Development Agreement into the record:

“If City, within five (5) years of the issuance of the first final building permit to allow occupancy of a stage or office building on the project site, approves a funding mechanism for a minimum eight (8) foot high soundwall for the residential properties on the south side of Los Angeles Avenue from Buttercreek Road to Maureen Lane, Developer agrees to pay City \$350,000 toward the soundwall.”

A discussion followed among the Councilmembers and staff regarding: 1) Why another increase is needed so soon after the most recent hike in rates? 2) What is the money to be used for? and 3) Why the short notice?
