

**MOORPARK CITY COUNCIL
AGENDA REPORT**

TO: Honorable City Council

FROM: Yugal K. Lall, City Engineer/Public Works Director 

DATE: October 22, 2009 (CC Meeting of 11/04/09)

SUBJECT: Consider Final Engineer's Report for Assessment District AD09-01 (Warehouse District Center – CPD 2004-03) and Resolution Confirming the Assessment Amounts for Fiscal Year 2010-11

DISCUSSION

A. Background

On August 20, 2008, the City Council considered a Petition/Waiver from the owner(s) of the property subject to CPD 2004-03, requesting formation of the subject assessment district. On that date the City Council approved and accepted that Petition/Waiver and adopted Resolution No. 2008-2738, initiating the process required for the formation of the subject Assessment District.

B. CPD 2004-03 / Improvements / Back-up District

The property subject to CPD 2004-03, generally described on the map attached as Attachment 1, is located northeast of the intersection of the State Route 23 Freeway and Los Angeles Avenue.

The developer of this property has constructed certain landscape and drainage improvements (herein "Improvements") within and adjacent to the property. The developer, and/or subsequent property managers, are responsible for maintaining the Improvements. The Conditions of Approval for CPD 2004-03 include provisions to allow the City to take over the responsibility for the maintenance of the improvements, should the City determine that the improvements are not being maintained properly.

The Conditions of Approval for CPD 2004-03 require formation of an assessment district to fund City costs associated with the possible future maintenance of the Improvements by the City, and to fund on-going assessment district administration costs.

C. Engineer's Report

The Engineer's Report for the formation of this new Assessment District has been distributed to the City Council and key staff members by separate memo. Copies of this report may be obtained from the City Clerk's Division. This report includes certain information required for the formation of a 1972 Act Lighting and Landscaping Assessment District, including the following:

- a Boundary Map for AD09-01;
- the reason for the assessment;
- the duration of the assessment;
- the method of assessment;
- the amount of the annual assessment; and
- a description of improvements to be maintained.

D. Improvements to be Maintained

The improvements to be maintained by the District (Improvements) are described in the Engineer's Report.

E. Access and Right-of-Way

All of the Improvements (to be maintained) are located on-site or within Caltrans right-of-way. A "Three-Way Agreement", between the developer, the City and Caltrans, has been executed to facilitate access to the Improvements within the Caltrans right-of-way. A Maintenance Easement will be granted to the City to allow for future City access to the on-site Improvements, should that become necessary.

F. Primary Assessment & Back-Up Assessment

1. **Primary Assessment.** The Primary Assessment is that amount deemed sufficient to fund annual assessment district administration costs. The amount of the Primary Assessment for FY 2010/11, which is an amount equal to the estimated administrative costs for FY 2010/11, is \$500.00. The Engineer's Report provides that each subsequent fiscal year the City will determine the amount of the Primary Assessment and that said amount shall be sufficient to cover actual past and estimated future administrative costs, even if said amount exceeds the amount determined for the initial fiscal year.
2. **Back-Up Assessment.** The Back-up Assessment is an amount equal to the estimated cost for the maintenance of the Improvements, plus a ten percent (10%) contingency.

3. **Assessment vs. Levy.** Each fiscal year the Engineer's Report for the District will state that the total assessment amount will be an amount equal to the sum of the Primary Assessment and the Back-up Assessment. However, the Engineer's Report will also state that the amount to be levied upon the Property will be an amount equal to the Primary Assessment plus all or any portion of the Back-up Assessment required to maintain those Improvements maintained or to be maintained by the City.

G. Assessment Amount

The proposed assessments amounts discussed and defined in Engineer's Report are re-capped as follows:

Element	Total Estimated Annual Cost		
	Landscaping (\$)	Drainage (\$)	Total (\$)
Maintenance and Replacement Cost	25,701.00	7,293.00	32,994.00
Contingency (10%)	2,570.10	729.30	3,299.40
Administration	250.00	250.00	500.00
Total	28,521.10	8,272.30	36,793.40

Description	Total Assessment Amount		
	Primary Assessment	Back-up Assessment	Total Assessment
Total Assessment Amount	\$500.00	\$36,793.40	\$37,293.40
Total Number of acres	8.15	8.15	8.15
Total Assessment per Acre	\$61.35	\$4,514.53	\$4,575.88

H. Fiscal Year 2010/11 Levy Amount

The Engineer's Report stipulates that the levy amount for FY 2010/11 shall be the amount identified as the "Primary Assessment" in the above chart.

I. Annual Adjustment Consumer Price Index (CPI)

The Engineer's Report provides for an annual adjustment to assessment and levy amounts, based on Consumer Price Index (CPI) for the Los Angeles area as of December of each succeeding year.

J. Capital Improvement Reserve Fund

The Engineer's Report also includes provisions for the establishment of a Capital Improvement Reserve Fund. Said language states that when and if the Capital Improvement Reserve Fund exceeds three hundred percent (300%) of the estimated annual program costs, the actual amount of the assessment levied upon the affected

properties shall be reduced to an amount deemed sufficient to keep the amount of the Capital Improvement Fund at an amount below the three hundred percent (300%) ceiling.

K. Public Hearing

The "Landscaping and Lighting Act of 1972" ["Act"] (Streets and Highways Code) requires that a public hearing be held prior to the formation of any new assessment district and the levy of the assessments provided for by that new assessment district. In signing and submitting the aforementioned Petition and Waiver, all affected property owners for this assessment voluntarily waived their rights to notice, balloting and providing other comment to the City, so no additional noticing is required.

L. Final Review and Revision

Consistent with the requirements of the Act, the City Council may make changes to the Engineer's Report, including the assessment amounts set forth therein, at any time prior to its action approving the levy of the assessments for the ensuing year.

FISCAL IMPACT

None.
