

**MOORPARK CITY COUNCIL
AGENDA REPORT**

TO: The Honorable City Council

FROM: Ron Ahlers, Finance Director 

DATE: January 6, 2015 (CC Meeting of January 21, 2015)

SUBJECT: Consider Resolutions to Initiate Proceedings Related to the Citywide Landscape and Lighting Maintenance Assessment Districts and the Parks and Recreation Maintenance Improvement District for Fiscal Year 2015/2016

BACKGROUND

Landscape and Lighting Maintenance Assessment Districts:

In 1984, a Landscape and Lighting Maintenance Assessment District (AD84-2), encompassing the entire City, was created to fund costs associated with street lighting and the maintenance of various landscaped areas. This was a successor to the District enacted by the County of Ventura prior to the incorporation of the City. In subsequent years, Zones of Benefit (Zones) were added to fund the maintenance of specific areas. Later, these Zones were changed to District 1 through District 12.

Since 1984, the City has formed additional Assessment Districts (AD) to fund the maintenance of certain landscape improvements in and adjacent to:

2001	District 14 - Tract 5201, Wilshire Builders	(AD01-1)
	District 15 - Tract 4928, Toll Brothers	(AD01-2)
	District 16 - Tract 5161, Cabrillo	(AD01-3)
2004	District 18 - Tract 5307, Colmer Development	(AD04-01)
2005	District 19 - PM 5264, M&M Development	(AD05-01)

2006	District 21 - Tracts 5133 and 5425, Shea Homes	(AD06-01)
2007	District 22 - Tract 5045, Pardee Homes	(AD07-01)
	District 20 - Tract 5187, Lyon Homes	(AD07-02)
	District 24 - IPD 2000-10, Casino Storage	(AD07-04)
2008	District 25 - CPD 2004-01, Nearon	(AD07-03)
2009	District 26 - CPD 2004-03, Warehouse Discount Center	(AD09-01)
2010	District 31 - CPD 2005-02, Tuscan Square Park Lane and Moorpark Avenue	(AD10-01)
	District 32 - CPD 2005-03, HFR Investment I, LLC 145 Park Lane	(AD10-02)

Notes:

Districts 13, 17 and 30 are not assigned. District 23 - Tract 5130, Suncal/Vistas is not completed.

Parks and Recreation Maintenance Improvement District:

In July 1999, the City successfully established a Parks and Recreation Maintenance and Improvement District. The current Maintenance District is based on a "special" assessment. This means that the City assesses property owners for that portion of park and recreation maintenance and improvement activities that generate a "special" benefit. The City is responsible for funding activities that generate a "general" benefit.

The Parks and Recreation Maintenance and Improvement District includes all existing nineteen (19) City parks, including the Serenata Trail located at Miller Parkway and Southfork Road. The amount of the assessment levied may be adjusted annually by a Cost of Living factor, not to exceed three percent (3%).

DISCUSSION

As part of the annual budget process, the City Council considers whether or not to renew the subject Assessment Districts and continue to levy amounts for the upcoming fiscal year. According to State law, before assessments may be levied, an Engineer's Report must be prepared for each assessment district setting forth the amount of the assessments and the basis for establishing said amount.

The preparation of an Engineer's Report does not obligate the City to approve the Engineer's Report nor to proceed with levying assessments. The purpose of the Engineer's Report is to merely develop the information necessary for the City Council to make those decisions. The report sets forth the items proposed to be funded by the district and the methodology used to distribute maintenance and improvement costs to all of the properties within each district.

When completed, each Engineer's Report is submitted to the City Council for approval. Approval of an Engineer's Report by the City Council does not require the City to levy the assessments. Such approval merely allows the Engineer's Reports, and the measurements set forth therein, to be considered at subsequent public hearings.

In accordance with the requirements of applicable State law, the Resolutions attached as Exhibits 1 and 2 initiate the process required for the City Council to consider continuation of the subject Assessment Districts. Upon adoption of these Resolutions, SCI Consulting Group (SCI), the City's assessment engineering consultant, will prepare the Engineer's Report for the Citywide Landscape and Lighting Assessment Districts and a separate Engineer's Report for the Parks and Recreation Maintenance and Improvement District.

FISCAL IMPACT

There will be no fiscal impact in the current fiscal year.
