

**MOORPARK CITY COUNCIL
AGENDA REPORT**

TO: Honorable City Council

FROM: David A. Bobardt, Community Development Director

DATE: February 10, 2015 (CC Meeting of 3/4/2015)

SUBJECT: Consider Scheduling a Public Hearing to Consider a Resolution Updating Land Use Development Processing Fees and Deposits, Film/Photography Permit Processing Fees and Deposits, Open House Directional Sign Permit Fees, Abandoned Shopping Cart Prevention Plan Review Fees, Business Registration Permit Fees, and Special Business Permit Review Fees and Deposits, and Rescinding Resolution Nos. 96-1214, 2006-2503, 2006-2510, 2007-2597, 2008-2733, 2008-2777, 2009-2790, 2012-3139, and 2013-3154 and Finding This Action Exempt from the California Environmental Quality Act

BACKGROUND

Policy 5.7 of the City Council Policies Resolution No. 2015-3353 requires an annual review of all City fee resolutions to determine if an adjustment of any fee is appropriate in conjunction with the preparation of the next fiscal year budget. Resolution No. 2012-3139, adopted on November 7, 2012, set the current fees and deposits used for most of the permit applications processed by the Community Development Department. However, eight other resolutions adopted over the last 19 years include fees and/or deposits for various Community Development Department permits. The attached draft resolution updates all nine fee and deposit resolutions currently administered by the Community Development Department and consolidates these fees and deposits into one schedule. Staff is requesting the City Council to schedule a public hearing for the April 1, 2015 City Council meeting for consideration of this resolution. The fee schedule has been reviewed and found acceptable by the Finance Director.

As a separate agenda item, consideration of scheduling a public hearing for April 1, 2015 on proposed staff billing rates is also requested. Those billing rates would be used for charging staff time against the deposits contained in this draft resolution. It has

been separated from the Community Development fee/deposit schedule to allow for its use where staff time is charged by other departments.

DISCUSSION

The following resolutions, proposed to be rescinded in the attached draft resolution, reflect current adopted fees for processing of permits by the Community Development Department:

- Resolution No. 96-1214: Film/Photography Permit Review Fees and Deposits
- Resolution No. 2006-2503: Rental Authorization Permit
- Resolution No. 2006-2510: Encroachment Permit and Sign Storage Fees for Real Estate Open House Signs
- Resolution No. 2007-2597: Rental Authorization Permit Re-Inspection
- Resolution No. 2008-2733: Abandoned Shopping Cart Prevention Plan Annual Review Fees
- Resolution No. 2008-2777: Special Business Permit Fees
- Resolution No. 2009-2790: Special Business Permit Fees for Massage Establishments and Massage Therapists
- Resolution No. 2012-3139: Real Time Billing Rates and Fees and Deposits for Land Use Development Processing
- Resolution No. 2013-3154: Business Registration Fees

Staff is also proposing the consolidation of these fee resolutions into a single fee/deposit schedule for ease of use. A review of the fees and deposits indicates that most fees and deposits are still appropriate for covering the costs associated with permit processing, with the following notable exceptions:

- General Plan Amendment (GPA) Pre-Screening Applications – The deposit for reviewing and processing these applications is proposed to be increased from \$5,800.00 to \$7,600.00 to account for increased noticing and public participation required by changes in GPA Pre-Screening application processing procedures as adopted by City Council Resolution No. 2013-3242.
- Commercial Planned Development Permits – The special reduced deposit for conversion of residences to retail or office uses in the Downtown Specific Plan area is eliminated, since these conversions would require an Administrative Permit, not a Commercial Planned Development Permit.
- Conditional Use Permits – Deposits for Conditional Use Permits for relocating businesses are proposed to be raised from \$3,000 to \$3,500 to account for noticing costs. This is still a lower deposit from that for new Conditional Use Permits, where the deposit would remain at \$5,000. Staff is proposing applying this \$3,500 reduced deposit also to new restaurants with or without beer and

wine when a Conditional Use Permit is required, as this has historically been sufficient to cover processing costs.

- Permit Modifications – The current deposit is 80% of the original permit deposit. For Planned Development Permits, this would be \$20,800 for larger projects. A lower deposit of \$10,000 (not to exceed 80% of the original permit deposit) is recommended for modifications where no substantial changes are proposed to the site plan or architectural design. This would cover the review, notification, and public hearing costs for items such as changes to conditions of approval.
- Time Extensions – Deposits are proposed to be lowered for time extension requests and would be based on the decision-making authority. Time extension requests that would be considered by City Council or the Planning Commission would be lowered from the current maximum of \$2,600 to \$2,000 and time extension requests to be determined by staff would be lowered to a \$600 deposit. These lower fees are sufficient to cover the cost of review and processing such a request.
- Lot Line Adjustments and Reversion to Acreage – Currently a \$1,950 deposit is charged for a lot line adjustment or a reversion to acreage. Staff is recommending that this be a \$2,500 plus \$100 per lot flat fee. The lot line adjustment or reversion to acreage is typically a completely separate action and process from other development review applications. The \$2,500 plus \$100 per lot fee is sufficient to cover City and contract staff time in reviewing and processing these applications, since it is not a deposit.
- Film Permits – Fees for film permits have been updated from the current complex formula of fees and deposits to be flat fees reflective of actual costs associated with film permit application review and inspections. Deposits for additional staffing would be determined at the time of application review only for more complex productions where additional staffing is necessary to ensure the production does not adversely impact the community, and to provide for on-site monitoring if determined necessary.
- Condition Compliance Inspection Fee – This fee has been eliminated, as it is not used under the current permit processing structure. Projects that require entitlement deposits already include additional deposits for condition compliance inspections. Projects that only require a flat fee have time for an inspection built in to the cost of the fee.
- Street Vendor Permits – The current fee is \$65 for an applicant, with \$40 per additional permittee. The costs associated with conducting background checks and preparing photo identification cards warrant an increase to \$100 per street vendor permit, with the same fee applying to each additional permittee.
- Massage Establishment and Massage Therapist Permit Fees – These fees are no longer collected with 2011 amendments to Chapters 5.48 and 17.20 of the Moorpark Municipal Code that require State licensing for massage therapists, thereby eliminating special local massage permits. Staff will evaluate if any

- changes to permitting requirements are advisable based on recent revisions to State law. Until then, no fee is needed.
- Rental Authorization Permit and Re-Inspection Fees – These fees are being eliminated as the ordinance establishing the rental housing inspection program had been rescinded.

California Government Code Section 66014 provides for cities to charge fees that do not exceed the costs associated with processing land development zoning and use permit applications. Sections 66016, 66018, and 6062a set forth the notification and hearing process required prior to levying new fees or service charges, or prior to increasing an existing fee or service charge. Section 66017 provides that certain fees shall take effect no sooner than 60 days from the date of adoption. Notices will be provided in accordance with those requirements, and, if adopted, updated fees would take effect on July 1, 2015.

STAFF RECOMMENDATION
