

**MOORPARK CITY COUNCIL
AGENDA REPORT**

TO: The Honorable City Council

FROM: Mary Lindley, Parks, Recreation and Community Services Director 

PREPARED BY: Peggy Rothschild, Active Adult Center Supervisor 

DATE: December 29, 2006 (CC Meeting of January 17, 2006)

SUBJECT: Consider Resolution Amending the FY 06/07 Budget by Appropriating General Funds (Older Americans Act Title III-B Health Screening and Education Program Contract Grant) to Fund the "Strike Out Stroke" Health Screening and Education Program

SUMMARY

The City has been awarded \$40,000.00 in Older Americans Act Title III-B Contract Grant Funds from the Ventura County Area Agency on Aging (VCAAAA). The City Council is being asked to adopt a resolution (Attachment A), amending the FY 06/07 budget to formally appropriate an additional \$40,000.00 in funds. The funds are to be used to fund the "Strike Out Stroke" Health Screening and Education Program for older adults, administered through the Moorpark Active Adult Center.

DISCUSSION

At the September 20, 2006 City Council meeting, the Council authorized the City to apply for Older Americans Act (OAA) Title III-B grant funds from VCAAAA in response to their request for proposal for programs which provide health services to older adults residing in Ventura County. On December 12, 2006, VCAAAA formally awarded the City of Moorpark \$40,000.00 for the "Strike Out Stroke" Health Screening and Education Program. Funds will be used to provide health screenings free of charge to all Ventura County residents age 60 years and older, with a special emphasis on serving seniors with the greatest economic and/or social need.

Of the 750,000 strokes that occur in the US each year, 600,000 could be prevented. Stroke risk increases with age – for each decade after age 55, the risk of stroke doubles. The "Strike Out Stroke" Health Screening and Education Project will provide free, non-invasive carotid artery and peripheral artery blockage screening to eligible

Ventura County seniors, as well as health information regarding strokes and stroke prevention.

Grant proposals which clearly demonstrated the ability to effectively reach and serve seniors aged 60 or older who are in the greatest economic and/or social need and are underserved in the area of health screenings were to be given funding preference by VCAAA. In order to reach out to the underserved older adult population, City of Moorpark staff will work cooperatively with the cities of Oxnard, Santa Paula and Ventura to host "Strike Out Stroke" screening events. The City of Moorpark, acting as the grantee and lead agency, will establish Cooperative Agreements with the other three cities. In all, sixteen health screening events (four in each participating city) will be held, with eight carotid artery and eight peripheral artery testing dates. A target total of 100 carotid artery and 100 peripheral artery screenings will be held at each site over the course of the grant cycle, for a total of 800 screenings countywide.
