

**MOORPARK CITY COUNCIL
AGENDA REPORT**

TO: The Honorable City Council

FROM: Mary K. Lindley, Director of Parks, Recreation, and Community Services 

DATE: January 25, 2007 (CC Meeting of February 7, 2007)

SUBJECT: Consider Name for New Parks/Public Works Maintenance Facility

DISCUSSION

The City Council is being asked to approve a formal name for the new Parks/Public Works Maintenance Facility currently under construction and located at 627 Fitch Avenue. The facility will house several City field operations including parks, landscape and facility maintenance; public works; and animal and vector control. The facility will also be used to store the City's emergency response supplies.

Staff is recommending that the Council consider the name "Moorpark Public Services Facility" for the new facility. The term "facility" accurately reflects the function of the building – central command for field operations. "Public Services" broadly describes and encompasses parks and facilities, public works, animal/vector programs.

It is anticipated that construction will be completed by February 5, the furniture should arrive by February 26, and the move to the new facility will take place the week of March 1.

STAFF RECOMMENDATION

Approve the name "Moorpark Public Service Facility" for the new maintenance facility.
