MOORPARK CITY COUNCIL
AGENDA REPORT

TO: The Honorable City Council

FROM: Steven Kueny, City Manager *SK*

DATE: May 9, 2007 (CC Meeting of May 16, 2007)

SUBJECT: Consider Mission Statement, Priorities, Goals and Objectives for Fiscal Year 2007/2008

SUMMARY

Attached are the proposed Mission Statement, Priorities, Goals and Objectives for FY 2007/2008. It shows the proposed changes from FY 2006/2007 in legislative format. It also includes the City Council designated "Top Ten (10) Priorities." As discussed with the Council on March 7, 2007, during its review of the status report on the current document, the FY 2007/2008 document has a revised format.

DISCUSSION

It is generally acknowledged that with current staff levels, there are many more objectives listed than can be reasonably expected to be accomplished in the year. In fact, many of the objectives will take several years to fully complete. A written status report on the various priorities and objectives is not included as part of this report. The City Council Monthly Report provides a status on most of these items as well as other staff work efforts. Staff will respond to specific Council questions when this matter is considered.

On March 7, 2007, the City Council received a status report and discussed the current goals and objectives. At that time, staff informed the Council that construction of the Human Services Center and a new Library would be consolidated with the construction of a new City Hall as one of the Top Ten (10) Priorities. In addition, a new Top Ten (10) Priority item would be added as a result of this consolidation. The proposed new Top Ten (10) Priority is "Facilitate new commercial development on High Street." This is recommended since the Moorpark Redevelopment Agency (MRA) is close to finalizing

Disposition and Development Agreements (DDA's) with two entities for properties on High Street which would also require the City to consider development entitlements.

For FY 2007/2008, the document is prepared in a new format. The objectives in support of the seven adopted goals have been placed in one of three categories based on the projected time needed to complete the objective, as follows:

- A. 0 to 2 years
- B. 2 to 5 years
- C. 5+ years

There are 110 FY 2007/2008 proposed objectives and 11 items newly added to the list of Potential Objectives since August 16, 2006. The current listing of objectives in support of the priorities will be modified when the Council approves the final list. Of the 110 proposed objectives, 74 are in the 0 to 2 years' category, 29 are in the 2 to 5 years' category, and 7 are in the 5+ years' category. There are 42 proposed objectives in support of the Top Ten (10) Priorities.

STAFF RECOMMENDATION

Approve Mission Statement, Priorities, Goals and Objectives for Fiscal Year 2007/2008.
