

**MOORPARK CITY COUNCIL
AGENDA REPORT**

TO: Honorable City Council

FROM: Barry K. Hogan, Deputy City Manager *JKH*
Ray Young, Building Official
By: Laura Stringer, Consultant

DATE: November 15, 2007 (CC Meeting of 12/5/2007)

SUBJECT: Consider Setting a Public Hearing Date to Consider Adopting a Revised Fee Schedule for Services Rendered Pursuant to the Moorpark Municipal Code Relating to Building and Safety and Rescinding Resolution No. 1992-832

BACKGROUND/DISCUSSION

A comprehensive update of fees for services related to Building and Safety has not been completed since 1992 per Resolution No. 1992-832. Since many of those fees are primarily based on building valuation tables, indexing of the fees has occurred indirectly over the years as construction costs have fluctuated. A complete review of the fee schedules is however overdue.

A survey has been completed of fees charged by other cities and the County of Ventura and an analysis of the impact of Consumer Price Indexing over the years has been calculated. Staff has evaluated the survey and analysis and proposes revisions to the Building and Safety Fee Schedules as indicated in the attached draft agenda report

California Government Code Section 66014 provides for cities to charge fees to recover the costs associated with permit processing services. Section 66016 sets forth the notification and hearing process required prior to levying new fees or service charges, or prior to increasing an existing fee or service charge. Notice of the City Council public meeting will be mailed and published in accordance with those requirements.

Honorable City Council
December 5, 2007
Page 2

STAFF RECOMMENDATION

Set a City Council Public Hearing for January 16, 2008, to consider a Resolution adopting a revised fee schedule for services rendered pursuant to the Moorpark Municipal Code relating to Building and Safety and rescinding Resolution No. 1992-832.

DATE: _____ (CC Meeting of 01/16/2008)

SUBJECT: Consider a Resolution Adopting a Revised Fee Schedule for Services Rendered Pursuant to the Moorpark Municipal Code Relating to Building and Safety and Rescinding Resolution No. 1992-832

BACKGROUND

On December 5, 2007, the City Council set a public hearing for January 16, 2008, to consider adopting a revised fee schedule for services rendered pursuant to Building and Safety and rescinding Resolution No. 1992-832. A comprehensive update of fees for services related to Building and Safety has not been completed since 1992 per Resolution No. 1992-832 (Attachment 1). Since many of those fees are primarily based on building valuation tables, indexing of the fees has occurred indirectly over the years as construction costs have fluctuated. A complete review of the fee schedules is however overdue. A survey has been completed of fees charged by other cities and the County of Ventura and an analysis of the impact of Consumer Price Indexing over the years has occurred.

Staff has evaluated the survey and analysis and proposes revisions to the Building and Safety Fee Schedules (Attachment 2). An analysis of the change in Consumer Price Index (CPI) since 1992 is also included in Attachment 2, and reflects a total increase of approximately 43% over that time period. Attachment 2 also includes a comparison of fees for various cities calculated with a range of building valuations. This comparison indicates that Moorpark's current building permit fee schedule for building permits based on valuation is almost 30% lower than the other cities and the County. For specific building permit items included in the Miscellaneous, Electrical, Plumbing and Mechanical Permit categories, the analysis considered that other agencies use different

fee descriptions and unit measurements. An approximate average of other agency fees is included for reference. Copies of the other agency fee schedules used in the analysis are available in the Community Development Department.

The proposed fee schedule expands and clarifies fees related to temporary structures and occupancy investigations. The percentage of increase for plan review and permit fee for checking compliance with the accessibility laws of California is proposed to increase from 5% to 10% consistent with the what other agencies in the County are charging, and to reflect the increase in the complexity of plan check and enforcement of the California access laws. In addition, it is proposed that plan review charges be increased from 65% to 75%, consistent with the other agencies and plan review process requirements. The proposed fees comprise an increase of approximately 30%, consistent with the conclusion of the analysis.

To ensure consistency and timely updating of building valuations used for establishing fees, staff has included language in Exhibit B of the draft Resolution (Attachment 3) that valuations shall be as published at six month intervals by the International Code Council, using the local multiplier for the County of Ventura as published in the latest edition of the Marshall and Swift construction cost handbook. Exhibit C provides valuations and fees for swimming pools and signs, items not specifically covered under the other fee/valuation schedules.

In accordance with California Government Code Section 66016, which sets forth the notification and hearing process required prior to levying new fees or service charges, or prior to increasing an existing fee or service charge, notice of this City Council public meeting has been mailed and published.

The draft Resolution provides the details of the proposed fee adjustments. In accordance with Government Code Section 66017, the proposed fee revisions will be effective sixty (60) days following the adoption of the Resolution.

ENVIRONMENTAL DOCUMENTATION

The Planning Director has determined that the proposed adoption of revised Building and Safety Fees is exempt from the provisions of the California Environmental Quality Act (CEQA), in that the action of the City Council does not involve the consideration of the approval of a project.

STAFF RECOMMENDATION (Roll Call Vote)

1. Open the public hearing, take public testimony and close the public hearing; and
2. Adopt Resolution No. 2008-____, adopting revised Building and Safety fee schedules, and rescinding Resolution No. 1992-832.

ATTACHMENTS:

1. Resolution No. 1992-832
2. Proposed Revisions to Building and Safety Fees

RESOLUTION NO. 92- 832

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MOORPARK, CALIFORNIA ADOPTING A REVISED FEE SCHEDULE FOR SERVICES RENDERED PURSUANT TO THE MOORPARK CITY CODE RELATING TO BUILDING AND SAFETY SERVICES.

WHEREAS, state law and the Moorpark City Code require the performance of certain plan review, inspection and other services by the Building Official for the purpose of safeguarding the public health, safety and welfare; and

WHEREAS, the City Council of the City of Moorpark deems it appropriate for the cost of such services to be borne by the users and beneficiaries of same; and

WHEREAS, the fee schedules for to these services must be revised from time to time to assure the complete recovery costs associated with rendering such services;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MOORPARK, CALIFORNIA DOES HEREBY RESOLVE AS FOLLOWS:

SECTION 1. That fees for Building and Safety permits, plan review and other services shall be as set forth in Exhibit "A" attached hereto.

SECTION 2. That the Building Official shall determine valuation of construction projects using the multipliers set forth in Exhibit "B" attached hereto.

SECTION 3. That fees specified herein shall take effect 60 days after adoption.

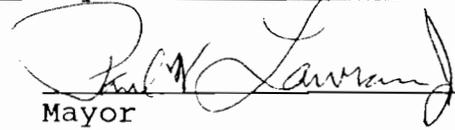

SECTION 4. That resolution number 88-477 relating to fees for land use and development services is hereby rescinded provided, however, if it is determined that the rates, fees and charges set forth herein are wholly or partially invalid by virtue of any statutory or constitutional provisions, then the repeal of resolution 88-477 and adoption of this resolution as to any such rate, fee or charge is void.

SECTION 5. That the fees established in this resolution do not exceed the estimated reasonable cost of providing the service for which the fee is imposed.

SECTION 6. The Director of Community Development shall report to the City Council on the cost of development services and the adequacy of the fee schedule to recover these costs and shall make such report during the first quarter of each calendar year.

SECTION 7. The City Clerk shall certify to the adoption of this resolution and shall cause this resolution and its certification to be filed in the office of the City Clerk of the City of Moorpark.

APPROVED AND ADOPTED this 5th day of FEBRUARY 1992.

Mayor

Building Valuation Data

The need for numerous building valuation standards often the following building valuation data representing average costs for most buildings. Because residential buildings are the most common for many cities, two general classes are considered for these, one for "average" construction and the other for "good." Adjustments should be made for special architectural or structural features and location of the project. Often higher or lower unit costs may result.

The unit costs are intended to comply with the definition of "valuation" in Section 4.23 of the Uniform Building Code and thus include architectural, structural, electrical, plumbing, and mechanical work, except as specifically listed below. It also includes the contractor's profit which should not be omitted.

The determination of plan check fees for projects reviewed by the International Conference of Building Officials will be based on valuation computed from these figures which were compiled in

April 1990.

Occupancy and Type	Cost per Square Foot	Good	Average
1. APARTMENT HOUSES:			
Type I or II F.R.	584.40	69.40

Regional Modifiers

The following modifiers are recommended for use in conjunction with the building valuation data. In addition, certain local conditions may require further modifications. To use these modifiers, merely multiply the listed cost per square foot by the appropriate regional modifier. For example:

To adjust cost of a Type III-1-Hour hotel building of average construction for the Iowa area, select Regional Modifier 0.80 and unit cost from valuation data, \$68.90.

$$0.80 \times \$68.90 = \$55.10$$

(adjusted cost per square foot)

RESOLUTION NO. 2008-_____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MOORPARK ADOPTING A REVISED FEE SCHEDULE FOR SERVICES RENDERED PURSUANT TO THE MOORPARK MUNICIPAL CODE RELATING TO BUILDING AND SAFETY AND RECINDING RESOLUTION NO. 1992-832

WHEREAS, State law and the Moorpark Municipal Code require the performance of certain plan review, inspection and other services by the Building Official for the purpose of safeguarding the public health, safety and welfare; and

WHEREAS, the City Council of the City of Moorpark adopted Resolution No. 1992-832 providing for the collection of certain fees to allow the cost of such services to be borne by the users and beneficiaries of same; and

WHEREAS, the fee schedule for these services must be revised from time to time to assure adequate recovery of all costs associated with the rendering of such services; and

WHEREAS, at a public hearing on January 16, 2008, the City Council received and considered written evidence and oral testimony pertaining to a possible increase in said fees in accordance with Government Code Section 66016; and

WHEREAS, the City Council concurs with the Planning Director determination that the proposed revision to the Building and Safety Fee Schedules is exempt from the provisions of the California Environmental Quality Act (CEQA), in that the action of the City Council does not involve the consideration of the approval of a project.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MOORPARK DOES HEREBY RESOLVE AS FOLLOWS:

SECTION 1. The fees for Building and Safety permits, plan review and other services shall be as set forth in Exhibits "A" and "C" attached hereto.

SECTION 2. The Building Official shall determine valuation of construction projects using the multipliers set forth in Exhibits "B" and "C" attached hereto.

SECTION 3. That the fees established in this resolution do not exceed the estimated reasonable cost of providing the service for which the fee is imposed.

SECTION 4. This Resolution shall become effective sixty (60) days following the public meeting held on January 16, 2008, pursuant to Government Code Section 66016 (March 16, 2008), implementing those changes in fees described herein immediately upon the effective date set forth herein.

SECTION 5. That Resolution No. 1992-832, adopted the 5th day of February 1992, is hereby rescinded upon the effective date of this Resolution.

SECTION 6. The City Clerk shall certify to the adoption of this resolution and shall cause a certified resolution to be file in the book of original resolutions.

PASSED AND ADOPTED this 16th day of January 2008.

Patrick Hunter, Mayor
