

**MOORPARK CITY COUNCIL
AGENDA REPORT**

TO: Honorable City Council

FROM: Deborah S. Traffenstedt, Assistant City Manager

DATE: 03/06/2019 Regular Meeting

SUBJECT: Consider Sixth Public Hearing to Receive Public Comments on Second Reading and Adoption of Ordinance No. 467, an Ordinance of the City of Moorpark, California, Providing for the Election of City Councilmembers by Districts with an At-Large Elected Mayor, Establishing the Boundaries and Identification Number of Each District, Establishing the Election Order of Each District, Amending Chapter 2.08 (“Municipal Elections”) of the Moorpark Municipal Code, and Making a Determination of Exemption Pursuant to the California Environmental Quality Act

BACKGROUND

Background information regarding the California Voting Rights Act (CVRA) and the procedures to convert to a district-based election process for electing City Councilmembers is available on the City’s website at: <https://www.moorparkca.gov/Districts>, including the staff reports, videos and other relevant information for the prior meetings and public hearings on this district-based election process, including on 10/3/2018, 10/11/2018, 11/13/2018, 12/12/2018 1/23/2019, 2/6/2019, and 2/21/2019.

At the fifth public hearing on February 21, 2019, the City Council introduced for first reading Ordinance No 467, which provides for the election of City Councilmembers by districts, establishes the boundaries and identification number of each district, the election order of each district (sequencing), amends the Municipal Elections Chapter of the City’s Municipal Code, and makes a California Environmental Quality Act exemption determination. This public hearing agenda item has been scheduled for the second reading and adoption of Ordinance No. 467.

DISCUSSION

The City of Moorpark has been conducting the process set forth in the CVRA to consider transition from a system of at-large elections to a system of district-based elections. At the 5th public hearing for the district-based election process on 2/21/2019 (an adjourned meeting from the regular 2/6/2019 City Council meeting), the City Council further narrowed its focus from district maps 401a, 418a, and 422a (that were selected at the 2/6/2019

public hearing for further consideration), and voted 3-2 (with Councilmembers Mikos and Pollock dissenting) to select map 401a to be inserted as Exhibit A in the ordinance subsequently numbered and introduced for first reading as Ordinance No. 467 (see Attachment 1). A motion to select sequencing option 2 for Map 401a was approved by voice vote 4-1, Councilmember Mikos dissenting. Sequencing option 2 places Districts 2 and 4 on the 2020 general municipal election and Districts 1 and 3 on the 2022 election. A motion to introduce Ordinance No. 467 (Attachment 1) for first reading and introduction was approved by voice vote 4-1, Councilmember Mikos dissenting. Additionally at the 2/21/2019 adjourned meeting, staff was directed to schedule the final public hearing for adoption of the ordinance for the 3/6/2019 regular City Council meeting, and this public hearing was subsequently legally noticed. Staff has included in Attachment 2 the one email received since the 2/21/2019 meeting that pertains to this public hearing agenda item.

There is a separate agenda item 9.A. scheduled for the 3/6/2019 regular meeting that describes Councilmember Pollock's written request dated 2/25/2019 for a reconsideration agenda item to ask the City Council to reconsider using a random drawing to determine the second district to be sequenced in the 2020 election (and agenda item 9.A. should be reordered to be considered prior to this public hearing agenda item). The reconsideration request pertains to the district election sequencing portion of Ordinance No. 467 that is included in the ordinance recitals on page 2 and in the proposed new Municipal Code Section 2.08.050 on page 4 of the ordinance.

If the City Council determines to revise the sequencing order and numbers in the recitals and in the Municipal Code Section 2.08.050 of Ordinance No. 467 pursuant to agenda item 9.A, staff has included as Attachment 3 to this agenda report a copy of a draft revised Ordinance No. 467. Please note that if the election sequencing is changed, Ordinance No. 467 Exhibit A (Map 401a) would also require revision to incorporate the revised sequencing. Any revisions to Ordinance No. 467 other than minor typographical corrections will require re-introduction and first reading of the ordinance, which can occur at the 3/6/2019 meeting. If the City Council determines to make no change to the ordinance included as Attachment 1 to this report, then a roll call vote will be required for adoption of Ordinance No. 467 following second reading.

FISCAL IMPACT

The fiscal impacts of converting from at-large to district-based elections were discussed in the prior agenda reports referenced in the Background section of this report. Any further revisions to Ordinance No. 467 would result in additional costs for advertising another public hearing, as well as additional costs for bilingual translation for a hearing notice, bilingual translator meeting attendance, and City Attorney and staff costs for continued work on agenda items.

STAFF RECOMMENDATION

Staff recommends that the City Council:

1. Open the public hearing and receive public comments regarding the adoption of Ordinance No. 467.
2. At the conclusion of the public hearing on March 6th, the City Council should close the public hearing and: a) Introduce for 2nd reading and adopt Ordinance No. 467 by **roll call vote**; or b) Determine any revision to Ordinance No. 467 and re-introduce revised Ordinance No. 467 for first reading, and direct staff to advertise and schedule a public hearing for the regular City Council meeting on 3/20/2019 to consider second reading and adoption of revised Ordinance No. 467.

Subject: concerns following 2/21 meeting

Good afternoon,

Unfortunately I have been unable to attend any of the district map meetings thus far, they all have fallen on nights I have previous commitments with my daughter's school and I sit on several PTA boards.

Though I haven't been present, I have watched every meeting and I have emailed in my thoughts. I am very disappointed that those who have written and submitted their thoughts/opinions prior to the meeting have zero acknowledgment during the meeting. How do we know that the council is actually taking into account the opinions of those of us who unfortunately can't attend the meetings? I am not saying they don't, but because there is no acknowledgement it can feel that way.

Regarding the last meeting on 2/21, I am disappointed with the outcome of the meeting and how the decision was made regarding sequencing. All current council members were voted into office by citizens and 4 members ultimately decided who would continue after 2020. Truthfully, neither option 1 or 2 for sequencing were my preferred options. The city should have done option 3, it is the truly on ethical option for both council members and voters and the only option that doesn't favor Simons over Mikos and vice versa. Sadly, that option was quickly dismissed by ALL candidates. The only ethical way to proceed having dismissed option 3 would be to allow for random selection between the two remaining options. The argument that ensued following the dismissal of option 3 was shocking, embarrassing and completely unnecessary.

Initially I planned to bring my 10 year old daughter with me to this meeting, she needs to attend a government meeting as part of a badge she is working on for Girl Scouts. I am thankful we weren't able to attend this meeting. It would have been very difficult to explain to her why adults were behaving like children. It saddens me that all members behaved so poorly and, regardless of anyone's opinions about a particular council member, they were all voted into office and 4 people shouldn't be the ones making these sorts of decisions. I was very disappointed to witness Enegren and Simons push to

vote instead of going the ethical, fair and compassionate route of random selection between options 1 and 2. I was even more disappointed to see Parvin and Pollock give in to negative peer pressure. I do not support Mikos over Simons. I would feel the same way regardless of which option they voted for. They shouldn't have voted, period.

I walked away from watching the meeting feeling very sad that adults in our community could treat one another so badly. Based on this meeting alone, I don't think if I was asked to vote for any current members that I would be able, in good conscious, to do so.

I pray everyone is able to move forward and work together for the good of Moorpark. I pray that all parties left that meeting realizing they all played a role in the negative outcome and will work to never allow such mean spiritedness to plague the council again.

I realize that sitting on the city council is mostly a thankless job, I appreciate your time and service to Moorpark.

To Mrs. Mikos, I am very sorry that your years of service will come to an end as the result of such a negative meeting. I hope you are able to focus on the good. You fought hard to ensure that the under represented received a district allowing them the best opportunity to find someone from within their community and you succeeded.

In the future, selecting between 4 and 5 districts, specific maps and sequencing choices should be made by voters, not council members. I also ask that in 2020, we vote on term limits for the city council and Mayor.

Sincerely,

Erin Dimberg
